

Global Learning Community - Quarterly report (July - Sept 2022)

The third quarter of 2022 was filled with collaborations and connections across the community. The GLC community actively engaged in discussion and learning through the Asia Regional Anti-Trafficking Conference, facilitated by the GLC, the Community Monthly Calls, Coffee Corner Calls and Community Initiatives. Community Members generously invested time, knowledge and capacity to one another to further the movement and our collective impact. The following report accompanies the [GLC Snapshot Report](#) and provides greater depth on the activities, connections and collaborations of those engaging with calls, the input of the Equity Partners and the Secretariat.

Objective 1: To inform, support and facilitate member development and connections within the anti-trafficking community, partners, and external stakeholders

Community Monthly Calls

4 Community calls were facilitated in two time zones focusing on participants' experiences at the Asian Regional Anti-Trafficking Conference and models of community based aftercare.

The **ARAT Reflection** calls were helpful in engaging with community feedback on the learnings from new or key topics they are taking back to their organisations. Discussion was also had on continued gaps and areas for future conversation.

For the second call, the Secretariat facilitated an open conversation with GLC members about how their **aftercare programs** have changed, what challenges they are facing and what they anticipate in the future for how aftercare is facilitated. A short conversation was also had about the importance and value of evaluation.

53 Community Members attended from 19 countries representing Southeast Asia, Europe, North America, Sub-saharan Africa, the Middle East and South America.

On average, **13 GLC members attended each call, 13 countries** were represented on each call and an average of 10 organisations were represented on each call.

For the Community Monthly calls this quarter there were **26 Zoom recording views** (17 for the August call and 9 for the September call) from members who were unable to attend the live calls and were still keen to catch up and learn.

Connecting and supporting collaborators

Throughout this quarter the Secretariat was highly engaged with the GLC community. The Secretariat had **15 (38%) Member Catch Up Meetings/Catch Up calls and provided 7 connections (18%)** (Graph 3).

This quarter the Secretariat was able to have over half of its Member Catch Up Meetings in person. The Secretariat provided support to members seeking continued conversation on **organisational development, strategic planning, navigating organisational change and pursuing joint research initiatives**. In addition, the Secretariat provided connections to subject matter experts, research, professional development and career shifts to community members seeking support.

Coalition and Network Leader Calls (AKA Cat Herder Calls)

For this quarter the Coalition and Network Leader Calls were facilitated by Dr Emily Wyman, Nottingham Rights Lab. The calls featured the findings of research conducted by Dr Wyman with [Ugandan and Malawian anti-trafficking coalitions and networks](#). The calls gave space for discussion on how anti-trafficking networks and coalitions can utilise shared measurements to showcase the outcomes and impact of networks and coalitions.

In total, 15 community members attended the two calls, 5 countries and 3 organisations were represented. The Zoom recording had 6 post call views. A follow up on this topic will be planned once the research is finalised, to determine how it can be replicated with other coalitions and networks.

Objective 2: To establish Learning Hubs and Community Projects that provide technical assistance and support for GLC members

Coffee Corner Calls

4 Coffee Corner Calls were held that focused on the following topics:

- **Social reintegration** - follow-up with survivors after they leave programs led by Nicole Gallego, El Pozo de Vida
- **Prevention Toolkits** for Children Sexual Abuse, Trafficking & Porn led by Dr Glenn Miles
- **Survivor Organisation Mapping** Research led by Kelsey Morgan, EverFree

In total, **29 GLC members** and invitees attended Coffee Corner Calls.

On average, 7 GLC members and invitees attended each call, 5 countries were represented on each call, 6 organisations were represented on each call.
